Embody the beauty of Africa

Nourish | Soothe | Repair

Delightfully uplifting and refreshing, Verdure takes you on an exhilarating journey through the lush mangroves, earthy forests and dewy wetlands of Africa.

As fresh as dew on a spring leaf, this fragrance will leave you feeling youthful, energetic and confident all day.

Legend has it that in Tanzania, raindrops were believed to be the tears of Udo, goddess of youth and beauty – a sip of which could grant eternal beauty.

Honestly BEAUTIFUL

We believe that beauty secrets should be shared. By knowing the origin of our 100% natural active ingredients, you can make the best choices for your skin.
