

GIFT YOUR MAN A SOFTER *touch*

Kissing under the mistletoe and cuddling up beside the fireplace with your partner are some of the best parts of chilly Christmas days. But if your man's hands are dry and chapped from the cold weather, all those gentle caresses can quickly go from 'ooh' to 'eek'.

Inspired by AFRICA.
Grounded in nature,
perfected by SCIENCE

Inspired by the rich landscapes, alluring scents and ancient wisdom of Africa, our luxurious fragrance and body care range balances 100% natural active ingredients and scientifically proven formulas to heal, protect and pamper your skin.

Our fragrances capture the vivid and invigorating scents of Africa, awakening your wanderlust and taking you on a sensory journey across the continent. Designed for women and men alike, our universally appealing products are perfect for anyone who loves to be pampered.

Conscious LUXURY

Our products are as kind to the environment as they are to your skin.

We use only what your skin needs and exclude unnecessary mineral oils, animal-derived ingredients, many known allergens and harmful parabens and silicones. Sustainably sourced, cruelty-free and fully recyclable.

The Perfect GIFT

Save his skin (and yours) from the ravages of winter weather with Malée Nourishing Hand Cream. Scientifically proven to intensely condition and repair, this non-greasy formula packs a punch when it comes to softening and protecting neglected hands. Perfectly travel-sized, our hand cream is compact enough to pop into a gym bag or pocket for guys on the go. Malée Nourishing Hand Cream is also infused with the crisp, invigorating scent of Verdure, a unisex fragrance inspired by the lush mangroves, earthy forests and dewy wetlands of Africa. It's a whole new meaning to the word manicure!

The Perfect TOUCH

Simply squeeze a pea-size amount of product into the palm of your hand and gently rub your hands together until all of the product has been absorbed. Pay special attention to dry areas such as knuckles, cuticles and nails.
